“ *RIP Chris, My thoughts and prayers go out to your family. I was just thinking of you not to long ago wondering how it was going. You used to tease me so much and I didn't know how to react to it and you wondered why. We caught up a couple years after high school and had some nice late night talks. You are one of the few that knew just how bad my childhood was and you always had a way to make me laugh and smile. I had so much with my mental health and didn't keep in touch. I am so sorry for that. You will be so missed my friend. ~ Andrea Roehr*

“ *May you find consolation in knowing that others care
Please remember that your loss is shared by those who care and understand
May God's love give you strength during your time of sorrow
Sharing your sorrow in the loss of your loved one
Hoping these words of sympathy will comfort you in your time of sorrow
You're in my thoughts and in my prayers
People pass on, but their memory lives on in our hearts.*

Chris & I became friends way back about 1991. We became great friends. Lots of years of great memories. No one could be a better friend - he will be greatly missed. Love you forever my friend.

“ *RIP Chris. I am so shocked right now because i was just thinking of you a few days ago. I was trying to find you on FB. Though we did not work out with dating we always were friends. Even when we lost touch over the years I always thought of you. Rest In Peace my friend.*
