“ Uncle Dan, Where do I start? I believe you coined the phrase "musiquera". Which I was so proud to hold that title. I was the only child for a long time and you always made me feel so special and loved. Later, you had kids of your own and had to share your love (no fair!).

You and Terry were always good to me and you will forever remain as MY uncle Dan! I know ma and pa are happy to have you join them. Especially ma! Do you think she's making her friend chicken in heaven? For your sake, I hope so! Please know that I will always watch over your kids and offer guidance and unconditional love. Look over my mom, she needs Rodriguez love on her side! You are missed already. I love you. Thank you for being you.

“ Uncle Dan, I love you and, like everyone else, I am going to miss you. We didn't have enough time to get to know each other better, but I know how much you loved your family and wanted more than anything to overcome your illness so that you could be with them more. Of course we all wish we could have you back, but you are with God now. There is a wonderful line from Shakespeare:

"Cowards die many times before their deaths;  
The valiant never taste of death but once."

I think that we can all find peace in how you faced life bravely and with hope.###imported-begin##David Aguilar###imported-end##
