“ I had the privilege of travelling with Harry during our time in the SAP Basis Team at Mars. This included a rather memorable canoeing expedition on the Murray River at Wodonga Australia when we both ended up in the water - surviving the experience to fight another day.

We are going to miss you buddy and I expect Mars Information Services will as well.

“ Harry was one of the good ones. His humor, compassion, sincerity, intelligence, hard work, and willingness to collaborate and help others were hallmarks of how I remember him working at Mars. Harry was always available and open to providing honest and quality help. I am so sorry for your family's loss and will remember him as a quality colleague.

“ *Harry and I worked together at ISI West Chester and Mt. Olive New Jersey until I retired from Mars in 2008. I enjoyed his humor and greatly appreciated his vast knowledge of the IT world. Above all, I was honored to meet a very compassionate man who loved his family and life. My prayers to his family at this time.*

“ *Our friendship started in 2000 when being part of the same SAP Basis team. We discovered ourself and will always remember Harry's "will do attitude" and being available to help all team members. Through the years, I could count on his expertise, friendship to get advices and having lengthy discussion rebuilding the world. He will always remain in my memories as an exceptional colleague and friend. RIP. Alexis Lefebvre, MarsIS France.*

Harry was an extraordinary person and great friend. We frequently traveled on business together, and each trip with Harry was an adventure to be savored and remembered - never dull! I've never laughed so hard or had as much fun with anyone else. I'll miss him very much.
