“Cousin Jimmy, I cherish the fond memories of growing up together. There is a void that we will have to learn to live with and our family will never be the same without you. Your smile, your voice of reason, your appreciation of life and family and nature, your kind and gentle demeanor, your wisdom, your sense of humor...for so many reasons, you will be greatly missed. I pray you are with your Dad and mine, and all of the loved ones who have gone on ahead of us....and then take a sweet ride down the Harley Highway of Heaven. Love you, Patty (Bain Mansker)

“The funeral has come and gone, and for all of us who knew and loved you, a new journey begins. Somehow we figure out how to live without you physically here. Spiritually you surround us. I take comfort in the time I was able to spend with those who loved you this weekend. So many warm memories and great stories were shared. So many precious life lessons were learned as we looked at each other through smiles and tears. Our lives will never be the same, as there is and always will be a missing piece now. I thank you so much for Sarah, and the amazing woman she has become. She has been my best friend for over 20 years, and she is who she is because of you. I will never forget you and will always be proud to be the "son you never had who never cost you money". Rest in Peace my friend, and please know that you are and always will be in my heart. Thank you for always accepting me for just being me, and always believing in me!
