“ I think that you'd probably do well in a consulting role where you are helping companies who want to improve in the area of creating passionate users (products and websites). Your knowledge of the field is shown well by your blogging, and maybe getting out in front of people will give you more of a reason to stay passionate about this subject area (if not the blog itself).##imported-begin##Samantha_Kansas##imported-end##

“ I also really enjoy the idea of a group blog mostly because I've always been a fan of group blogs a la 37signals. It's a different take on things that I tend to enjoy, getting to see different opinions, group dynamics, etc.##imported-begin##Alexis_Alabama##imported-end##
