Tribute Wall

“ Kate you were an amazing and very strong willed woman. Kate and I met working at ARAMARK, Kate as a support person and I as a general user had many interesting conversations and became friends. Her travels to Wisconsin, our lunches and shopping trips were always fun. Her travels were always of great interest, her fishing and hunting stories really amazed me, she did and tried it all. Her spirit and energy will always be with all that knew her and that can never be taken away. Kate, I will greatly miss you. Debbie Bain##imported-begin##Debbie Bain##imported-end##

“ Katie, you were a very giving lady; and thats what I admired about you. You had a heart of gold.you were a very educated, indepedant woman which is what I admired about you..The last day I seen you I said a prayer to you about asking God to forgive you of all your sins and accept him in your heart. I believed you heard me because you winked at me. I had many emails from you about Gods love so I know where your at.....May the angels look over you and finally you found your way home.....We love youç¾ç¾ç¾##imported-begin##Anna Chavez##imported-end##
