“ *Grandpa Dolat may have been set in his ways but he always loved his family and made sure we never went without. He and Grandma would take me fishing at Peotone when I was little and it was always a lot of fun. Looking back I realize how special those memories are now. When I was 10 and got into Beanie Babies Grandpa basically made sure that I got them all. He would go all over the place to find them and he'd bring a bunch over without me even expecting it. I still have them. He taught us all a lot about fishing and gardening. He always grew the biggest cucumbers and squash. I remember that one time he came over and a baby squirrel ran up his pants because they were brown and it must have thought he was a tree. I'm really going to miss him even though he could be a stinker sometimes. As a kid it seemed like he yelled a lot but I know it was just because he didn't want me to get hurt and wanted us all to be safe. I love and miss you already Grandpa <3*
