“ *My thoughts and prayers are with Robin and Randi during this time. I would like to share my memory of Mike. We shared tickets to a White Sox game and Mike went up and down those bleachers more times than I could count - he really made me look bad. His strength was overwhelming and inspiring.*

“ *Mike was a proud father to his daughter and showed such love for his wife. I was always amazed at the wonderful stories he told about his life. Mike you were a champion and an inspiration to anyone who ever thought about giving up. Hardworking man with a zest for life! He will be missed but never forgotten by anyone that had the opportunity to sit and talk, talk, talk with him. :) It was a joy to supervise you because work was completed timely without excuse. Great example for others to follow.*

“ *Mike, you made my life richer when you told me that dialysis was not the enrichment and quality of life, so with your words I obtained a kidney transplant. You, sir were always there to offer advise or to just ask a question. I will miss our talks and our laughs and our discussion on HOA situations. I will see soon friend!*

Michael you were an inspiration to us all. I am truly missing you. I looked forward to hearing the new album you were working on. You were a great friend and I loved your passion for life. Your family was important to you and you were so proud of your daughter. I am so many miles away, and was unable to celebrate your life with your family and friends. I am sadden and very happy that you have some rest from suffering. I pray you are running on the golden streets with your new legs.
