“ Knew Nick for 62 years as we first met in 2nd grade. We became good friends by the time we got to Bloom Community College. He went into the Andy, while I served in the Navy. Seeing him on regular visits when out to see the family years later. Had we lived in Illinois, we would have been very close I am sure. Nick and I would talk by long distance telephone several times a year. We did spend an evening together when I came out to see Joyce prior to her hip operation. I have a very nice picture of us that means so much to me. Just a couple of "old guy" friends, but comfortable in our skins. A neat guy to hang out with. Will miss him as I now have a heavy heart.
